Information Form for the Installation of the Well Pump, Pitless Adapter, and Supply Piping

NOTE: The installer is responsible for requesting an inspection prior to 9 am on the day of the desired inspection. No work is to be covered until approved by the Health Department. All installations must comply with the National Standard Plumbing Code (NSPC, as amended locally) and COMAR 26.04.04 (MD Well Construction Regulations). Submission of a complete form is required prior to Use and Occupancy approval.

Company Name: Willoughby Plumb Telephone #: 410-781-7051
Address: 1603 Patrick Dr
Hagerstown, MD 21784

(Must circle one) Licensed Plumber Licensed Well Driller Licensed Well Pump Installer
License # and name of individual responsible for the field installation:

Name (Print): CHRIS WILLOUGHBY License# 6992

*A licensed individual must perform the actual installation. Apprentices must be under the direct supervision of a licensed journeyman or master plumber, pump installer or well driller. Licenses may be subjected to field verification.

Name of Property Owner: DALE THOMPSON Childs Telephone #: 410-995-6130
Subdivision: PINEBEL WOODS Lot #: 40 Well Tag #: HO-94-3026
Site Address: 11604 MIRROR FORD CT
FULTON, MD 20759

Submersible Pump Make: JACUZZI Pitless Adapter Make: HANCOCK Well Cap and Electric Conduit
Model #: Depth: 48" (36" min) Two piece watertight cap: [checked]
Pump Capacity: GPM Screened, vented well cap: [checked]
Well Yield: 1 GPM NSF approved: 25 (feet) Cap secured to casing: [checked]
Depth of well encountered at time of pump installation: 25 (feet) Conduit min 1 1/2" B.G.: [checked]
If pump capacity exceeds well yield, a low water cut off switch is required by NSPC 1990 Section 17.8.4
Torque arrestors or Cable guards are required - Must circle one
Safety rope, if used, attached to inside of well casing with eye bolt

Piping to house Type: WEST LINE House Connection
PSI: 1" (160 psi min) PVC sleeved to undisturbed soil at wall penetration: [checked]
Depth of supply line: [checked] (36" min) Approximate length of sleeve: 6'
Sleeve caulked and sealed properly: [checked]

The water supply line is required to be at least ten feet from the septic tank, pump chamber, sewage piping, distribution box, drainfields, and sewage reserve area. If this cannot be accomplished, contact this office for approval prior to installation.

Signature of company representative responsible for installation: Chris Willoughby date: 10/28/03

For Health Department Use Only - Not to be completed by Installer

Date Insp. Requested: 11/5/03 ASAP Date Insp. Approved: 11/5/03 (60)
Inspection Data: Pitless adapter and water supply line at least 36" below grade [checked]
Two piece cap installed and attached to casing securely [checked]
Elec. conduit extends at least 18" below grade/attached to cap properly [checked]
Safety rope installed inside of well casing [checked]
Correct well tag attached properly and casing 8" above finished grade [checked]
Water supply line sleeved adequately at house connection [checked]
Adequate grout observed below pitless adapter [checked]

Kacie Noonan
HOWARD COUNTY HEALTH DEPARTMENT
3525 H Ellicott Mills Drive
Ellicott City, MD 21043

**RE: Pindell Woods, Lot 7 & 42
Preservation Court/Mirror Pond Court
Maintain existing wells**

Dear Kacie Noonan:

In answer to your letter of October 3, 2002, we would like to express our intentions to accept your recommendation to not abandon the existing wells which were replaced with new wells drilled on the Lots referenced. The replacement wells were drilled in the instance where the initial well yielded only one gallon per minute. At your recommendation, the original well will be maintained but not connected for future residential or potable supply.

If you have any questions do not hesitate to call our office at (410) 995-6736.

Sincerely,

A handwritten signature in cursive script, appearing to read "Dale Thompson", is written over the word "Sincerely,".

Dale Thompson
President

RE: 11604 Mirror Pond Court
Pindell Woods, Lot 42
BP # B00140722
Well Permit # HO-94-3450

Dear Sirs:

This is to advise you that the septic system for the above referenced property has been installed and inspected. **Final approval of the septic system was granted on 01/23/2004.**

The water sample results indicate that the water samples submitted for testing were free of coliform and fecal coliform bacteria at the time of sampling and are bacteriologically safe for drinking. The water sample results were found to be in compliance with COMAR water quality standards.

INTERIM CERTIFICATE OF POTABILITY

This certifies that the **initial** sampling requirements of COMAR 26.04.04 "Well Regulations" have been met for the water supply system installed under well permit #HO-94-3450. Although the submitted sample results are in compliance with COMAR standards, the Health Department does not guarantee water supplies. Based upon satisfactory investigation and evaluation, the Howard County Health Department, as authorized by the Maryland Department of the Environment accepts this well system as required by COMAR 26.04.04.

This certificate may become final upon completion of the second bacteriological test, which is to be taken by the county health department within six months of receipt of this letter. **Please contact (410) 313-1773 to schedule a final water sample appointment. Currently, there is no charge for this final sampling.**

Date of Water Sample: 02/26/2004
Date of Well Completion: 08/05/2002

Respectfully,

Brian Baker
