Tax map 8 Parcel 274

Dear Mr. Heyssel,

A percolation test date for the above referenced property has been scheduled for 10:00 a.m., Friday, September 1, 2000. You will be responsible for having a contractor on site to excavate test holes at the approximate locations shown on the test application plan and/or at locations to be determined when the sanitarian is on site.

In the event of uncertain weather (i.e., precipitation or extremes of temperature) on the test date, please contact this office prior to 9:00 a.m. to determine whether or not percolation testing can be performed on the above reserved date. If it is not feasible to perform the test, a new test date shall be assigned.

Thank you in advance for your cooperation in this matter.

Very truly yours,

  
Ronald J. Pinkley, R.S.

RE: **Building Permit Proposal**  
BP #: B00125575 (Proposed Pool)  
Forsythe Heights, Lot 3B  
14518 Monticello Drive

Dear Mr. O. Heyssel:

This office has recently received the above referenced building permit application; however, we are unable to recommend approval of the application at this time.

Our records indicate that the proposed location of the in-ground pool appears to compromise a portion of the platted sewage reserve disposal area established in 1975. This reserve area was created to establish an area of suitable soils for the installation for a future septic system repair when needed. A minimum of 20' separation to the proposed pool is required from the edge of this disposal area as well as the installed septic system trenches.

In conclusion, it is recommended that an alternative pool site is proposed. If you would like to proceed with the plan as presented, the existing sewage reserve area must be modified. To modify the sewage reserve area, additional perc testing must be performed so that an area of suitable soils may be established. Upon receipt of a completed application, a \$225 percolation test fee, and a suitable test plan, a tentative date will be scheduled. Checks can be made payable to the Director of finance. Please feel free to call me if you have any further questions.

Respectfully,  
*Steven R. Krieg*
