*Prior to scheduling inspections, scaled plans should be submitted to clarify the nature of the addition.

If public sewer may be nearby, verify whether the sewer is technically "available" (defined as abutting or within the property), through the Bureau of Engineering (x2414).
If sewer is available, verify whether the property is within the Metropolitan District (Finance x2061).
If sewer is available, and property is within the Metropolitan District, connection to sewer is required. If owner believes reasons for exemptions exist, owner should justify request in writing.

If soil/site conditions are limiting and sewer and/or Metro District status not conducive to connection, Sanitarian may recommend pursuit of Emergency Sewer Extension or Emergency Metro District Inclusion. Owner should contact Charlotte Dryden, x4419, for further detail.
