Mr. Brian Baker
Department of Environmental Health
Howard County Government
3525 Ellicott Mills Drive # H
Ellicott City, Maryland 21043

Dear Mr. Baker:

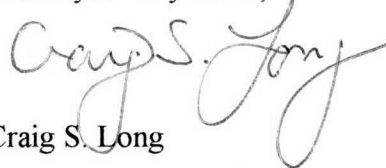

Enclosed is the revised proposed siting of the septic field for Lot 27 of Rover Mill Estates. The locations of the corners of the septic field are as follows:

25' west from property line along Danmark Drive and 20' north from south property line,
105' west from property line along Danmark Drive and 20' north from south property line,
105' west from property line along Danmark Drive and 145' north from south property line,
25' west from property line along Danmark Drive and 145' north from south property line.

As you can tell I've moved the septic field as far away from the 100 year flood plane in the western half of the property and as far south as possible onto the highest part of the property. I hope this siting meets with the Department's approval.

I appreciate all the assistance you have given me. Please let me know if you need anything additional.

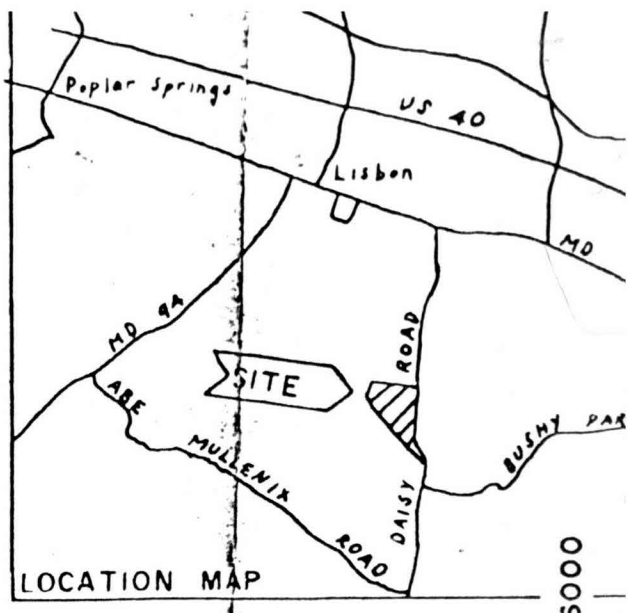

Thank you very much,

Craig S. Long
