Re: Building permit for property located at  
12325 Benson Branch Road  
Woodmark S-D  
Howard County, Md.

Please be advised that the invert elevation of the pipe leaving the house is now changed to read 85.275 feet. This has been done in order to conform with a one-quarter inch drop in elevation for each one foot of fall between the house and the septic tank.

A handwritten signature in cursive script, appearing to read "Harold A. Lowe".
