

SEE ATTACHED 100 SCALE PLAN FOR TOTAL LOT OUTLINE

This area designates a private sewage easement of at least 10,000 sq.ft. as required by the Maryland State Department of the Environment for individual sewage disposal. Improvements of any nature in this area are restricted until public sewerage is available and servicing any residential structures constructed on this building site. This easement shall become null and void upon connection to a public sewage system. The County Health Officer shall have the authority to grant adjustments to the private sewage area. Recordation of a modified sewage easement shall not be necessary.

All percolation test holes have been field located and shown as ⊙
 Percolation test holes shown as ⊗ indicate failed test holes (N/A).

All wells and septic systems within 100' of property lines have been shown.

Topography shown in the vicinity of the proposed septic easement reflects field run elevations.

The lot shown hereon complies with the minimum ownership width and lot area as required by the Maryland State Department of the Environment.

APPROVED: For private water and private sewer

RE: Shillinger Property - Lot 13
7158 Brooks Road
Building Permit Serial #52626

Dear Mr. Pickens:

This office has signed off on the above referenced building permit.

Please be advised that you must call this office at 992-2330 to arrange for inspection of the house sewer connection to the septic tank before that sewer line is covered.

Very truly yours,

Frank Skinner, Director
Water and Sewerage Program
