To: _____

Property owner's parents came in & discussed the possibility of building ~~a~~ detached/attached IN law suite. (Which would add a sixth bedroom) 5 bedrooms in existing. Instructed them to have contractor excavate a perc hole and observe a water level and neighboring well/well radius. Based upon this information, the proposed addition may not be possible. Kenny Hatfield reports water level as high as 9' in a hole and limited area exists for repair/in-law.
