Re: BP 00145133

Subj: moving Steps + N DECK

Per Mr. Alfonso, Health Dept., he said that the steps should be moved to the other side of the existing Deck. He stated that there was no problem with him because the steps would then be far enough from the septic system.

Mr. Asherman also stated that there should be no problem placing them there.

Therefore, I am submitting for an amendment to the existing permit application to change the location of the steps.

Sincerely,

Roy H
