PUBLIC WATER

Dear Sirs or Madam:

This is to advise that the connection from the house to the street has been installed and inspected for the referenced property. A Community Septic System serves this dwelling. **Final approval was granted on 9/30/2005 by HCHD for the house connection.** Be advised that the Health Department did not receive the building permit for review until after the permit was released by the DILP because the permit was marked incorrectly for public water and sewer by the applicant.

The property is served by public water and is therefore exempt from the Health Department water sampling requirements.

By issuance of this letter, this office recommends release of the Use and Occupancy permit for the referenced property.

RECOMMENDATION FOR USE AND OCCUPANCY

Respectfully,

Michael J. Davis, Program Supervisor
Well and Septic Program
