Re: Building Permit # 160116
Family Room Addition

Dear Mr. Grover,

Our office received your building permit on June 12, 2006. Review of your address shows public water and public sewer available. In order to process your building permit, we need to conduct a site inspection to ensure the septic is functioning properly and the well tag number identified.

Please call at your earliest convenience to schedule a site inspection. If you have any questions, you may call our office at 410-313-1771. Thank you for your time in this important matter.

Sincerely,

Kacie Noonan, R. S.
