Dear Mr. Michael Davis:

I'm planning to add a deck to an existing house built in 1998. The total acre of this property is 1.39, backyard is wide open, I'm confident it meets the 10,000ft<sup>2</sup> requirement with ample reserve for future expansion of Septic System. Well location is in front yard.

Thank you for your consideration.

Approved,

M. Davis

Sincerely,

Richard Lee
