Attention Kacie, Noonan

Re: Septic System @ 5550 Montgomery Road, Ellicott City, Maryland 21043

Dear Ms. Noonan,

This letter is to inform you that I have paid all required fees for public water and sewer connection in Howard County, and request a release of hold on my application for a building permit on file at Howard County. During the construction and prior to connection of the new sewer I will remove (if possible) and dispose of the existing septic tank. If I am unable to remove the tank, I will crush the tank in place and fill the excavation with clean backfill dirt. Of course the tank will be pumped clean before any removal takes place.

Thank you for your attention to this matter and I will await your letter to the County so I can secure my building permit.

Sincerely,

Stephen Fultz

Re: 5550 Montgomery Road
Ellicott City, MD 21043

Mr. Fultz has informed our office that he has paid the fees for connection to public water and sewer. Once he is connected, the septic will be abandoned and the well sealed. This must be done after his connection to the public utilities. Our office will follow up on the property to ensure correct disconnection is done after public hook-up. . Our office has no objections to releasing his permit.
