MEMORANDUM

Sent via email to grizconstruction@icloud.com on 3/30/2015

TO: Griz
Attn: Mark Slowinski

FROM: Kevin M. Wolf, EHS Supervisor
Groundwater Mgmt. Sec.
Well & Septic Program

DATE: March 27, 2015

RE: **8460 Murphy Road**
Laurel, MD 20723
M. 46, G.08 P. 281- 4.0300AC
(Demolition of existing structures – return to park land)

This is to advise that the Howard County Health Department recommends issuance of the demolition permit for the above referenced property.

The existing drilled well (Tag unknown) that was utilized for the above referenced property has been located and sealed according to *COMAR 26.04.04.34*. Abandonment report was submitted by Michael Barlow (MWD 355) to this office to confirm well abandonment completion. This process was completed on 3/25/2015.

The existing septic system on this property has been partially located. Abandonment of the existing septic system and its components may be completed during demolition of the buildings. Documentation/invoice including pictures must be submitted to this office for record of compliance once this task has been have completed.

Current utility records show this parcel has no access to public utilities. Future development may require Percolation testing and the development of a Percolation Certification Plan per *Howard County Code section 3.805*.

IF ANY WELL OR SEPTIC COMPONENTS ARE FOUND DURING SITE WORK, YOU MUST NOTIFY THIS OFFICE IMMEDIATELY!!

To: Wolf, Kevin
Subject: 8460 Murphy road septic tank abandonment

Kevin

I am writing this letter per our phone conversation on Friday 3/13/2015.

The project is located at 8460 Murphy Rd. The owner in Howard County Rec. and Parks .The septic tank location is unknown. The sewer line is under the basement floor slab, it does not run in a straight line, and we can not get a snake down the pipe. The abandonment of the tank will be completed after the demolition instead of before the demolition as we discussed which is the norm. Griz will contact you when we raze the house. Griz will contact you when we locate the tank, have the tank pumped, and properly abandon the tank. Your cooperation in this matter is greatly appreciate .

The well is scheduled to be abandoned 5/23 or 5/24 by Barlow Well Drilling. M. Isom will contact you when his schedule is precise.

The UST was removed Tue. 3/17 by Comer Construction and Son Inc.

Thank you
Mark J. Slowinski

8460 Murphy Rd.
7/15/15

During demo, Mark Slowinski found a septic tank 13' deep,
About 12' from garage of former house
Sewer line came out under footer of garage
15" terra cotta cleanout
Cast iron plumbing inside house, terra cotta outside
Fogle's will pump tank 7/16/15

Site of former house
