Obtain Howard County permit and arrange for required inspections

Pump out, collapse and fill in existing septic tank as required by county

Trench front yard from existing 4" drain piping as it leaves the house to the county sewer connection

Supply and install new 4" PVC sewer piping with clean out to surface at house drain connection and county connection

Backfill and rough grade work area. Apply grass seed and straw to help prevent corrosion

MATERIALS & LABOR \$ 3,600.00

NOTE: If a drywell is located during our trenching, it would need to be abandoned per county requirements. To pump, collapse and fill it would be an additional \$ 1,000.00
