**RE: Waiver Approval**  
14777 Addison Way  
Woodbine, MD 21797

Dear Mr. Pirrung:

This letter is being issued in response to your waiver request. This agency has **approved** the waiver to the required Percolation Certification Plan and perc testing to establish a septic reserve area as required by the *Howard County Code, Subtitle 8, Section 3.805*. The waiver has been approved on the basis that the proposed addition is within the one hundred (100) foot setback from the existing well to an on-site sewage disposal system. Please note that any future addition of living space or other property improvements will likely require testing and a percolation certification plan. Any deviations from the site plan submitted with the building permit will be subject to further review by this Department.

Any questions regarding this decision may be directed to the Well and Septic Program of the Howard County Health Department.

Respectfully,

A handwritten signature in black ink, which appears to read 'Michael J. Davis', is written over the typed name.

Michael J. Davis  
Assistant Director

Ref: Building Permit # B16003429

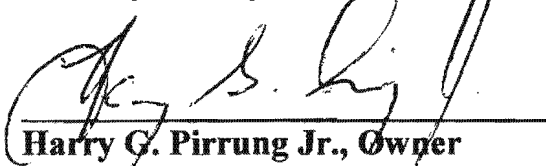

Dear Mr. Davis,

My wife & I have applied for a building permit to construct a sunroom addition on the back of our home. I met with Mr. Hank Oswald and Mr. Jeff Williams last week to discuss the Health Department's requirements.

The proposed sunroom is located on the side of the house opposite of the septic system and will not take up future septic repair area.

I respectfully request a Waiver for the Percolation Certification Plan Requirements.

Thank you for your consideration,
