RE: Waiver Approval
6718 Mink Hollow Road
Highland, MD 20777

Dear Mr. Garnish,

This letter is being issued in response to your waiver request dated October 6, 2017. This department has **approved** the waiver to the required percolation certification plan. The proposed detached garage is within the one hundred foot setback to the existing well and is therefore not useable for future on-site sewage disposal system repairs. Any deviations from the proposed work illustrated on the building permit site plan will be subject to further review by this department. Any future property improvements will likely require perc testing and a revised percolation certification plan.

Any questions regarding this decision may be directed to the Well and Septic Program of the Howard County Health Department.

Respectfully,

A handwritten signature in black ink, which appears to read 'Michael J. Davis', is written over the typed name.

Michael J. Davis
Assistant Director
Bureau of Environmental Health
