Mr. Davis;

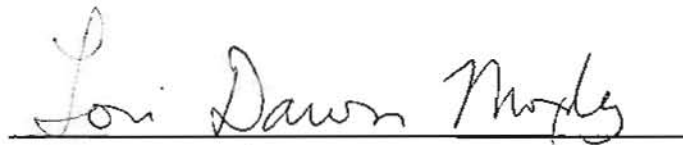

This is a request for a waiver from a Perk certification plan requirement for 2305 Pfefferkorn Rd. West Friendship MD 21794.

Site F-14-037

There is a current plan under review that will sub divide the 179acre parcel. On the purposed 54.4acre parcel there is a primary dwelling and a child lot. Under the proposed plan the child lot will be dissolved, that child lot has a sewage disposal area. This is the parcel that we are requesting the waiver for, so that we may extend the foundation of the house still maintaining it as a 3bedroom dwelling.

Recorded (plat 17297)

Thank you very much for your consideration in this matter,
