RE: NOTICE OF VIOLATION: Well Abandonment @ 9315 Mellenbrook Rd. in Columbia, MD

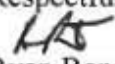

Ms. Yang,

It was reported to the Health Department in October 2017 that the home at the above listed address had a cross connection between the public water system and a private well located on the property. The cross connection was severed but the private well was never located and/or sealed and properly abandoned by a Maryland licensed well driller. I have been in contact with you multiple times about this issue and explained that this unsealed private well is an open source of contamination to the Maryland State ground waters.

According to Maryland State Code, COMAR 26.04.04.34, this private well must be sealed and properly abandoned by a Maryland licensed well driller. I've attached this referenced section of the State code for your review. The abandonment of this well must be completed within 15 days of the date on this letter. The Howard County Health Department would like to avoid any potential health threat to residents in the area. Therefore, the well abandonment at your property must be permanently addressed or additional enforcement action may occur including civil citations.

If you believe that the condition described above is not and could not be a hazard to health, or that the Health Department is not acting in compliance with pertinent laws and regulations, you may request a formal hearing before the Board of Health within 15 (fifteen) days of receipt of this letter. All requests are to be made in writing and directed to the Executive Secretary of the Board of Health at the above address. Please contact me as soon as possible at 410-313-1781 or rrappaport@howardcountymd.gov regarding your plans for well abandonment. Your cooperation in this matter would be greatly appreciated.

Respectfully,

Ryan Rappaport, L.E.H.S.

Well abandoned
on 3/29/18

Spoke to Easterday on
3/6/18 - will abandon
in one week.
