RE: Sewer line at 9222 Frederick Road

The following is our proposal for the excavating and installation of sewer line from county tap to Home.

Includes:

1. Backhoe and operator.
2. Installation of 4 inch schedule 40 PVC line approximately 200feet
3. County inspection.
4. Labor & Mechanic.
5. Backfill to rough grade, seed & straw.
6. Pump and demo existing septic tank
7. Dump truck
8. 2 loads soil to load demo'ed septic tank

Excludes:

1. Permits
2. If Backhoe hits any rock or water that we can't dig, there will be an extra charge. (Price for this to be determined at a later time.)

Total Contract amount \$4,200.00, \$ 2100.00 before we begin,
\$2100.00. Upon completion.

If you have any questions please call me at 443-277-7915.

Sincerely,

Sam Wilkerson, President

Earl Paskewitz
9222 Frederick Road
Ellicott City, MD 21042

RE: FY 2018 Howard County Bay Restoration Fund OSDS Upgrade Program

Dear Mr. Paskewitz:

Thank you for your application to participate in the Howard County Bay Restoration Fund OSDS Upgrade Program. The Howard County Health Department has verified that the existing septic system at your property at **9222 Frederick Road Ellicott City, MD** is failing and that a connection to the Little Patuxent Sewage Treatment Plant is the most cost effective and environmentally sensitive solution. Maryland Department of the Environment (MDE) has reviewed the proposal for the cost to extend sewer to your property, and has approved it eligible to be paid using a Bay Restoration Fund grant.

Based on your 2016 tax information, you are eligible to receive funding to cover **100%** of the total cost of your connection to public sewer. The total cost includes the low contractor bid of \$9200 and the Howard County Sewer Connection fee. If you select a contractor whose installation cost is higher than the low bid of \$9200, you will be responsible for additional costs. Upon project completion, CVI will request payment from MDE and will reimburse you any portion of the Howard County Sewer Connection Fee not eligible for reimbursement by the county, and will pay the grant award of **\$9200** directly to the contractor.

To accept the conditions of this grant award, please sign and return this letter to me prior to scheduling construction. If assistance is needed or if you have any questions, you may contact me at 304-940-3443 or kristin.mielcarek@canaanvi.org.

Sincerely,

Kristin Mielcarek, Watershed Circuit Rider

I have read and agree to the conditions of this Agreement Letter.

Accepted by: Earl Paskewitz, Property Owner

Re: **BRF Proposal for connecting 9222 Frederick Road to public sewer**

The Howard County Health Department has identified a property in Howard County that meets the five requirements of HB 57 to receive BRF money for connecting an existing house to an existing public sewer line.

1. THE ENVIRONMENTAL IMPACT OF THE ONSITE SEWAGE DISPOSAL SYSTEM IS DOCUMENTED BY THE LOCAL GOVERNMENT AND CONFIRMED BY THE DEPARTMENT;

The existing on-site sewage disposal system serving the single family dwelling on the property is in a failing condition. Please see exhibit A containing a Health Department site evaluation form confirming the failing condition.

2. IT CAN BE DEMONSTRATED THAT:

A. THE REPLACEMENT OF THE ONSITE SEWAGE DISPOSAL SYSTEM WITH SERVICE TO AN EXISTING MUNICIPAL WASTEWATER FACILITY THAT IS ACHIEVING ENHANCED NUTRIENT REMOVAL LEVEL TREATMENT IS MORE COST-EFFECTIVE FOR NITROGEN REMOVAL THAN UPGRADING THE INDIVIDUAL ONSITE SEWAGE DISPOSAL SYSTEM; OR

B. THE INDIVIDUAL REPLACEMENT OF THE ONSITE SEWAGE DISPOSAL SYSTEM IS NOT FEASIBLE;

The Little Patuxent Wastewater Treatment Plant is currently constructed to meet to ENR standards. Therefore, it is more cost effective per pound of nitrogen removal than installing a BAT on an on-site sewage disposal system. The homeowner has received

three (3) written quotes (exhibit B) from contractors to make the connection. The lowest quote is \$9200 from Sam's Excavating. The homeowner has paid the Howard County connection cost of \$900, along with a \$1500 surety deposit that is refundable and not to be reimbursed by the grant (exhibit C). Additionally, connection to the public system is required by Howard County Code and installation of an on-site sewage disposal system would be inconsistent with the Howard County Master Plan for Water and Sewerage, and therefore, prohibited by COMAR 26.04.02.02.J.

3. THE PROJECT IS CONSISTENT WITH THE COUNTY'S COMPREHENSIVE PLAN AND WATER AND SEWER MASTER PLAN;

The Howard County Master Plan states that an individual sewerage system may not be installed on any parcel or lot where a public sewer system is adequate and available. The public sewer system is adequate and available to this property. Exhibit D is a Howard County GIS map illustrating the existing sewer line in red.

4. THE ONSITE SEWAGE DISPOSAL SYSTEM WAS INSTALLED AS OF OCTOBER 1, 2008, AND THE PROPERTY THE SYSTEM SERVES IS LOCATED IN A PRIORITY FUNDING AREA, IN ACCORDANCE WITH § 5-7B-02 OF THE STATE FINANCE AND PROCUREMENT ARTICLE; AND

The existing home was built before public sewer was available. There are no Health Department records for the existing system. Exhibit E is a copy of the Maryland Department of Assessments and Taxation indicating that the home was built in 1955. 9222 Frederick Road is within the Priority Funding Area.

5. THE LOCAL GOVERNMENT HAS ADOPTED A POLICY OR PROCEDURE THAT WILL GUARANTEE THAT ANY FUTURE CONNECTION TO AN EXISTING MUNICIPAL WASTEWATER FACILITY THAT IS FUNDED UNDER PARAGRAPH (2)(I)1E OF THIS SUBSECTION WILL MEET ALL OF THE REQUIREMENTS UNDER THIS SUBPARAGRAPH.

The Howard County public sewer line has already been constructed. The connection will be for 9222 Frederick Road and no other homes will be connected to the sewer line house connection.

The Howard County Health Department does not like to maintain financial data of Howard County citizens, so I have requested that the owner provide their taxable income information directly to Canaan Valley Institute. Please feel free to contact me at (410) 313-2651 with any questions.

We hereby submit specifications and estimates for:
Sewer Changeover:

We propose to dig and install 4" PVC sewer with necessary cleanouts from in front of existing septic tank to new county connection (right property along N. Chatham Rd). New sewer to run along rear of property. Pump and fill septic tank and one drywell. Obtain permit and have inspected. We will call Miss Utility before digging. Sewer connection fees to be paid by others. Backfill and rough grade only. No hand raking, seeding or sodding. Not responsible for: lawn, trees, shrubs, sidewalk, driveway, garden, private or mismarked utilities, undo settlement, etc. Guarantee for 3 years.

Note: If rock is encountered to be removed on time and material basis.
 1/3 down at acceptance, 1/3 at start, remainder due upon completion.

PLEASE NOTE: EXCESSIVE ROCK AND WATER WILL BE AN ADDITIONAL CHARGE.
 EXTRA ABSORBENT AREA AVAILABLE @ \$ _____ per square foot.
 EXTRA PIPE AVAILABLE @ \$ _____ per foot.
WE WILL BACKFILL, LEAVING EXCESS DIRT PILED IN SEPTIC AREA.

SERVICE CHARGE: A service charge of 1-1/2% per month (ANNUAL RATE OF 18%) will apply to balances over 30 days past due. Buyer agrees to pay reasonable attorney fees if placed in the hands of an attorney for collection.

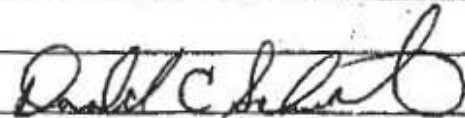

We Propose hereby to furnish material and labor—complete in accordance with above specifications, for the sum of
 Seven thousand two hundred fifty _____ 00/00 dollars (\$ 7250.00)

Payment to be made as follows:

1/3 down at acceptance, 1/3 at start, remainder due upon completion.

All included in proposal to be so specified. All work to be completed in a workmanlike manner according to standard practices. Any alteration or deviation from above specifications involving extra costs will be executed only upon written orders, and will become an extra charge over and above the estimate. All agreements contingent upon strikes, accidents or delays beyond our control. Owner to carry fire, tornado and other necessary insurance. Our workers are fully covered by Workmen's Compensation Insurance.

Sewer Lateral
Proposal # 9018

7/28/17

We propose to supply the labor, materials and equipment to complete the following:

Apply for outside plumbing permit
Excavate septic tank and drywell
Pump, crush and fill the septic tank and drywell
Install 4" schedule 40 PVC from the invert of the tank to the new tap, estimated 175LF of pipe
Install clean out as needed
Remove small trees and brush and haul offsite
Inspected and backfilled
Cost \$ 8,241.00

Exclusions: Stakeouts, bonds, refill, export of fill, asphalt repair, concrete repair, seeding, temporary fencing, any items not priced above.

All work to be billed as completed.

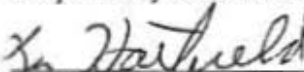

Customer agrees to pay Hatfield's Equipment And Dedication Services Inc. in full the amount due within 30 days.

A finance charge at the periodic rate of 2% per month which constitutes an annual percentage rate of 24%, will be applied to any balances not paid in 30 days

Customer agrees to pay 40% of amount due as attorney fees if placed in the hands of an attorney for collection.

Non-payment of any past due amount will be sufficient justification to stop work on the project.

Respectfully Submitted
