**This is to advise that the Howard County Health Department recommends issuance of the demolition permit for the above referenced property.**

A site inspection as made on September 26<sup>th</sup>, 2018 to determine that there were no remnants of well and septic components on the property. Howard County Bureau of Utility records indicate that the property has a 3/4" Water House Connection and a 6" Sewer House Connection.

Current utility records show this parcel has access to public utilities. If plans to rebuild on this parcel, you will be required to connect to public utilities per Howard County Code.

**IF ANY WELL OR SEPTIC COMPONENTS ARE FOUND DURING SITE WORK, YOU MUST NOTIFY THIS OFFICE IMMEDIATELY!!**
