March 14, 1996

Ms. Gina Tirinnanzi, Chief
Division of Land Development & Research
Howard County Department of Planning & Zoning
George Howard Building
3430 Court House Drive
Ellicott City, Md. 21043

re: Estate of Mullinix, Lots 1 & 2
Waiver Request

Dear Ms. Tirinnanzi:

The purpose of this letter is to request a waiver of 2 Sections of the Subdivision and Land Development Regulations in order to subdivide the Mullinix Estate Property into a total of 2 residential lots.

The Mullinix Estate Property is presently 2 deeded parcels of land on the east side of Daisy Road opposite its intersection with A. E. Mullinix Road. The first parcel (the front parcel containing the existing house and driveway) was acquired in January, 1955, by Donald and Joan Mullinix. The second parcel (the rear parcel with a pipestem along the north side of the front parcel) was acquired in April, 1986 by Donald and Joan Mullinix. Both Donald and Joan Mullinix are deceased. The property is being subdivided by their daughter, Deborah Fochois, who is the Personal Representative of the Estate of Joan Mullinix. Both parcels together contain 6.2408 acres.

The front parcel is improved by a house, a freestanding garage, and a driveway. The rear parcel is unimproved. The waivers requested, and justification of granting the waivers, are as follows.

1. Section 16.1204---requiring submission of a Formal Forest Conservation Plan, and posting of surety, and execution of Developers Agreement. This waiver is justified because the minimum Forest Conservation obligations for this minor subdivision can be met by retention of existing forest resources within a Forest Conservation Easement around the perimeter of Lot 2, without unreasonably restricting clearing for the future house and driveway.

2. Section 16.119.(f)(1)---prohibiting direct driveway access to a major collector roadway (Daisy Road). Specifically, we are requesting that the existing driveway entrance remain to serve the existing house on Lot 1, and that a new driveway entrance be constructed farther to the north to serve Lot 2. While sight distance requirements in the Design Manual cannot be met anywhere along the entire frontage of the property, I believe this waiver is justified for the following reasons:

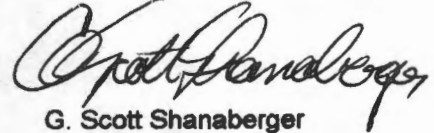

- A. The existing house should continue to use the existing driveway because relocation of the entrance will adversely affect the overall appearance of Lot 1.
- B. The existing house should continue to use the existing driveway because Mrs. Fochois has used the driveway entrance for years, and does not consider it to be unsafe or dangerous.
- C. Lot 2 (which will eventually be improved by a new house) should use a new driveway at the north end of the site because the sight distance there is greater than at any other point along the

frontage of the subdivision.

D. Stopping sight distance for traffic in both directions on Daisy Road is provided.

If any further information is required to evaluate this request, please call me. Thank you for your assistance in this matter.

Sincerely,

G. Scott Shanaberger
Professional L. S.

RE: Estate of Joan R. Mullinix
Tax Map 14, p. 3 and part of p. 4

Dear Ms. Tirinnanzi:

I represent Mrs. Deborah Jo Fochios who is the personal representative of her mother, Joan R. Mullinix, late of Howard County, deceased. I represented Mrs. Fochios' mother and father during their lifetime, and this letter is in support of the Petition for a Waiver filed by Mrs. Fochios to facilitate the subdivision of her parents' property. The Petition seeks a waiver of the literal requirements of §§ 16.119(f) and 16.1204 of the Howard County Code on the ground that requiring strict compliance with these provisions will impose practical difficulties and extraordinary hardship on her mother's estate without any compensating public benefit.

Mrs. Fochios' parents, Mr. and Mrs. Donald Mullinix, purchased a lot on Daisy Road in 1955, built their home on it, and raised their family there. In 1986, thinking that one or the other of their daughters might wish to build close to their family home, they purchased an additional three plus acres adjoining their lot, intending to develop it into a building site for one of their daughters. However, Mr. Donald Mullinix then fell ill within a short time and died in 1988 without fulfilling his plan. Mrs. Joan Mullinix intended to carry it out, but, as frequently happens, both daughters married and established their own homes in other locations, and Mrs. Mullinix's unexpected death last year now leaves Mrs. Fochios with the duty of settling her mother's estate.

She is submitting a minor subdivision plat by Shanaberger & Lane which shows the best plan of subdivision of these two lots considering the location, topography and geography of the land, and the present improvements on Lot 1, and she requests a waiver of § 16.119(f) of the Code to continue the present access to Lot 1 and to permit a new access to be developed for Lot 2. This will

March 21, 1996

conserve the value of Lot 1 as a home and enhance the value of Lot 2 for a future home.

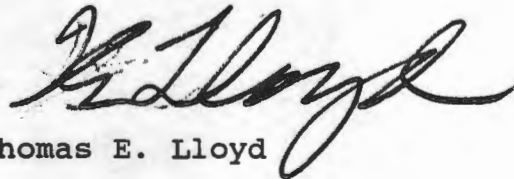

When Mr. and Mrs. Mullinix built their house some 40 years ago, they oriented it to Daisy Road, and the house siting, the lot development, the landscaping, the driveway access, and its subsequent occupation and use are all situated to optimize the lot's location on and present access to Daisy Road. Requiring a change of this lot's access to the proposed road for Lot 2, while admittedly resulting in slightly better sight distance to the south, would greatly impair the ambience, the balance and setting of the house and lot. The present private driveway to Lot 1 is a major part of its attractiveness. Abandoning it and developing another from the proposed north road, besides altering the aesthetic balance of the existing dwelling on its lot, is practically difficult and will create an extraordinary hardship on the Petitioner without any compensating public benefit.

The development of this property into two lots requires a new driveway, either along the northern or southern boundaries. The plan submitted represents the most practical development; it proposes keeping the present driveway access to Lot 1 and building a new access road to Lot 2 along the northern boundary. This will enhance the desirability of Lot 2 as most people prefer their own private driveway as it adds to the seclusion they expect in buying a three acre lot in the country. The entrance for Lot 2 should be along the northern boundary because this location does not interfere with the existing improvements on Lot 1 and provides the better sight distance to the south.

The waiver from the strict compliance with § 16.1204 will also eliminate the extraordinary and unnecessary expense of developing a forest conservation plan when enough forest can be retained to meet the spirit and intent of the law without adversely affecting, or affecting in any way, the water quality.

For all the above reasons, it is respectfully requested that the waivers be granted as requested.

Very truly yours,

Thomas E. Lloyd

Reference: Debbie Fochios, 2399 Daisy Road, Woodbine, MD 21797

Dear Mr. Shanaberger:

This is to support two waivers to requirements of the minor subdivision process involving the property noted above. I am the listing agent for the resulting lot which will contain the existing house, and address these issues as a licensed Associate Broker practicing in Howard County for more than 10 years.

Section 16.1204 -- This waiver involves the posting of a bond for the trees on the property under the reforestation/aforestation statutes and regulations. This property is substantially wooded with mature hardwood trees which probably predate the house (which was built in the early 1950s). To the best of my knowledge, none of these are newly planted and therefore are not subject to demise from improper installation, care or construction damage. Posting a bond would seem to be outside the intent of the requirements.

Section 16.119(F1) -- This waiver would allow the owner to locate the access driveway to the rear lot at the northern boundary of the existing front lot, rather than sharing the existing driveway or relocating both accesses to the southern property line. Two issues support this waiver: marketing/aesthetics and safety/sight distance.

Putting the access to the rear lot on the existing drive will devalue the entire property -- in my professional opinion -- since it will bring the vehicles traveling to the rear property within 15 feet of the existing house. This would be substantially out of character for the neighborhood, and significantly reduce the interest of buyers for the existing house. It would also pose a safety issue for anyone backing out of the existing attached garage, since they would not be able to see cars coming from the rear lot.

Locating the access on the southern side boundary of the property for either or both lots would push the egress onto Daisy Road partially up a hill, and create significant sight distance problems for cars leaving the property as well as for those coming north on Daisy Road. This location would also put this driveway virtually in line with the intersection of A.E. Mullinix Road, creating an additional safety hazard as well as the false impression of a through road from A.E. Mullinix at night. The appropriate location for a driveway to the rear lot would be along

Residential Sales • Commercial Sales & Leasing • Prosperity Mortgage, Inc. • Land Sales
New Home and Condominium Sales • Long & Foster Insurance Agency, Inc.
Commercial Property Management • Residential Property Management

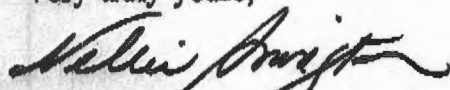

Printed on recycled paper.

the northern property line, where it would give privacy to the front lot and appropriate sight distance along Daisy Road and the intersection of A.E. Mullinix Road.

Should you have any questions, please contact me at 410-715-2703.

Very truly yours,

Nellie W. Arrington
Associate Broker

III. *Justification*

All waiver requests must be fully justified by the petitioner. Justification must be specific to the subject property. The justification provided by the petitioner should include all factors which rationalize or substantiate the request in accordance with the following criteria:

- a. Summarize any extraordinary hardships or practical difficulties which may result from strict compliance with the Regulations.
- b. Verify that the intent of the Regulations will be served to a greater extent through the implementation of the alternative proposal.
- c. Substantiate that approval of the waiver will not be detrimental to the public interests.
- d. Confirm that approval of the waiver will not nullify the intent of the Regulations.

SEE ATTACHED LETTER

IV. *Plan Exhibit*

A. Number of Copies Required

The waiver petition application must be accompanied by copies of a detailed plot plan, subdivision plat or site development plan (14 sets of the completed waiver form and plan exhibit if the subject property adjoins a County road; 18 sets for properties adjoining a State road). In instances where the waiver request concerns an approval extension, only 2 sets of plans are required along with 14 or 18 copies of the application form. Plans must be folded to a size no larger than 7-1/2" x 12".

B. Plan Requirement Checklist

The detailed waiver petition exhibit, plot plan, subdivision plan or site development plan must indicate the following required information relevant to the waiver request to ensure acceptance of the waiver petition application for processing.
