## HOWARD COUNTY HEALTH DEPARTMENT

---

*Joyce M. Boyd, M.D., County Health Officer*

October 31, 1994

Ms. Diane G. Schulte  
P.O. Box 1361  
Bethany Beach, DE 19930

Dear Ms. Schulte:

This is in response to your letter of August 10, inquiring about well permit approval prospects for properties you own on Hunter Street.

For properties which are located within Howard County's designated Metropolitan Service District, applicants are expected to utilize public facilities when available, rather than to apply for private on-site facilities.

Only if public water cannot be made available, would there be cause to consider well permit applications for these lots. With public water known to be available on adjoining streets, the presumption is that public water could be provided with reasonable effort.

Upon application for public water, if the applicant were to find that access did not appear reasonably available, then the process would be to make application for Well Construction Permits. The application would include a site plan and the evidence as to why public water could not be provided.

Should the properties ultimately considered eligible for well permits, then site considerations become the final factor in determining whether or not permits can be issued.

These are small lots, situated somewhat in a general drainage pattern and within the past several years a number of properties in the immediate vicinity were discovered to have had improperly functioning septic systems. These factors raise considerable doubt as to suitability of potential well sites on these lots.

Please excuse the delay in responding to your inquiry. I trust the information will be useful to you in determining and appropriate course of action.

If you have any questions this matter, please contact me at the above or by calling 313-2640.

Very truly yours,

A handwritten signature in black ink, consisting of the letters 'CW' enclosed within a circle.

Craig Williams, Program Director  
Water and Sewerage Program

Re: Unimproved Property of Diane Schulte  
on Hunter Street, Ellicott City, MD

Dear Mr. Williams:

Enclosed please find a copy of a letter I sent to you on August 10, 1994. As of yet, I have received no response from you. My inquiries concern matters of utmost importance to me, and I would greatly appreciate your written response in the very near future.

Sincerely,

*Diane G. Schulte*

Re: Unimproved Property of Diane Schulte  
on Hunter Street, Ellicott City, MD

Dear Mr. Williams:

Let me thank you for your time in our recent telephone conversation several weeks ago. At your direction, I have enclosed copies of (a) the survey of the three (3) lots in question, (b) a general location map, and (c) a county map showing the sewer location. As we discussed, no public water is available on Hunter Street to serve these lots.

I have two questions to you. May I put wells on each of the three lots for the purpose of providing water to residences to be built on same? Also, is there any problem with water quality/quantity in the pertinent area? I await your written response. If I can supply any further information, please call upon me.

Thank you again for your assistance and advice.

Very truly yours,

*Diane G. Schulte*
