7/7/89 I am possible that
there is an old record of lot
that may not require 10000
sq ft sewage disposal easement
but only enough for
3 systems. However we do
not have a boundary
plat. I told Mr Green that
we like to see a plat of this
lot, but we still have not seen it.
There may be enough percolation for
3 septic systems assuming that
there is no problem when a
visual hole is dug in the wet
season. See perc results of 3/24/81
