Hi Steve:

I would like for the plot to show the neighboring well meeting 100 foot setback, so I've attached a site plan that you may use for the revision. Print the plot plan to scale and add in the septic tank and pump tank location found page of this document. Please make sure the plot should also include the following:

- 1.) Identification of the property
- 2.) Name, address and contact information of the owner and person preparing the plan.
- 3.) Existing property lines
- 4.) Location of the existing septic system (i.e. septic tank, trench, SDA etc.).
- 5.) Location of the existing well.
- 5.) All existing structures.
- 6.) Proposed propane tank location

Resubmit the revision to permits office. Please let me know if you have any questions.

Thanks,

Hank
