INSTALLATION: 4/6/21 sewer line installed from new single toilet bathroom in garage addition to septic tank. There are two 90° long sweeps in sewer line - first one near SHC, next at corner of house. Approved 90° turn in SL because this is only for one bathroom. Informed owner of presence of 90° turns and the potential for backups. Owner was ok with it. Water line from house is 3/4" and sleeved with 1.5" pipe. (SF)

Mrs. McArthur,

I am responding to a voicemail I received from you concerning application for a septic system permit for the new sewer pipe connection. A Repair/Upgrade form (available on the well and Septic Program webpage, should be downloaded, completed, and submitted with the fee payment. The fee payment can be made by check for \$165 and made payable to 'Director of Finance'. During work hours, we have a Drop Box on the concrete porch under the awning at the Bureau of Environmental Health entrance on the North corner of the Ascend One Building (8430 Stanford Blvd), or you may mail the fee and form. We are in the Columbia 21045 zip code.

I have prepared a template for the permit. The permit will be issued after processing the fee payment. Please include a note with your payment directing where to send the permit, i.e. to you or to your plumber.

Please 'Reply' to this email with any questions you may have regarding these procedures.

Robert Bricker, REHS/RS, L.E.H.S.

Mr Bricker, please send  
Permit to me.  
8427 Old Frederick Rd.  
Ellicott City MD 21043

[Note: This email originated from outside of the organization. Please only click on links or attachments if you know the sender.]

Mr. Bricker, Please find attached the requested drawing of the additional sewer line and how it will connect to the septic tank. Please let me know if this is what you were looking for and what I need to do to proceed.

Thank you,  
Linda McArthur

Mr. Bricker, We have a meeting with the plumber on Monday and will submit the requested information shortly after.

Maura J. Rossman, M.D., Health Officer

**INFORMATION FORM - SEPTIC SYSTEM REPAIR/UPGRADE**

**Reason for Request:**

- Failing System
- System relocation for proposed addition
- System upgrade for proposed addition
- Inadequate treatment zone
- Collapsed septic tank
- Collapsed drywell

**Has the septic tank been pumped within the last month?**

Yes      Date pumped: \_\_\_\_\_  
 No

**Was a visual inspection of the septic tank and/or drain fields conducted?**

Yes      Explain observation: \_\_\_\_\_  
 No

**Existing system design**

- Drywell
- Trench
- Mound
- Unknown
- Other: \_\_\_\_\_

**Was a visual inspection of the sewage line conducted?**

Yes  
 No

**Blockage Leading to the field**

Yes      Explain \_\_\_\_\_  
 No

**Is discharge surfacing on the ground?**

Yes  
 No

**Additional Comments:**

We are adding a bathroom and need to connect wastewater pipe to SHC outside of foundation

\*For REPAIRS, are the owners proposing, or do they plan to add in the future any additions or modifications to the property, i.e. pools, living space additions, garages, etc? This information must be disclosed at the time of this application. The Health Department will not be able to accommodate requests in the field for property modifications unrelated to the repair request. Such requests may require an additional fee, testing, and submittal of a Percolation Certification Plan, if the property does not meet current Code and Regulations.

\*A Sanitarian will be in contact within three business days, depending upon the urgency of the situation, to coordinate the scheduling/review of the repair or upgrade.

\*Prior to scheduling inspections, scaled plans should be submitted to clarify the nature of the addition.\*

Print out a copy of Real Property Data via Dept. of Taxation website \_\_\_\_\_ Indexed file found \_\_\_\_\_

If soil/site conditions are limited and sewer and/or Metro District status is not conducive to connection, the Sanitarian may recommend pursuit of Emergency Sewer Extension or Emergency Metro District Inclusion. The Owner should contact the Bureau of Utilities for details.

No permit is to be issued nor inspection to be scheduled without prior fee collection at the office unless an emergency exists.

The contractor is to notify the office of the emergency as soon as possible.
