To Whom It May Concern:

On Thursday August 12, 2010 Zepp Plumbing & Heating, Inc. physically disconnected the existing 500 gallon concrete septic tank. Jenkins Brothers pumped the septic tank out. Zepp removed the top half of the concrete septic tank, filled the bottom half w/ fill dirt, crushed the top half & side walls & overfilled w/ 3-4 ft of fill dirt to grade in place. Enclosed is a copy of the receipt from Jenkins Brothers for the pump out. Zepp Plumbing & Heating connected this house to county sewer. Please update your records. You can reach me @ 410-531-6712 if you need any more info.

Thank you,
