## FILE INQUIRY NOTES

DATE	RESULTS OF REVIEW FOR FILE
4/2/13	<p>After noticing that a permit had been issued to 'grandfather' a standard septic tank for 986 Route 97, and having Hatfield's to request septic system specifications for that permit for 1000 Route 97, I called Ken Hatfield to inquire of his intent (for which parcel he got a permit for). His response was that he did not know that there were two lots. His intent was to obtain a permit for the (gross) parcel that he perced. The 'grandfathered' permit will be issued for 1000 Route 97 as Hatfield's conducted perc tests on that parcel in February 2013.</p>
