To: Williams, Jeffrey
Subject: 3438 Dogwood Drive

Jeff,
Mr. Chen is the owner of Dogwood Drive which we discussed yesterday about with the failing septic tank. He's inquiring about BRF. According to George Schooly, the tank has collapsed. I was going to make a site visit there yesterday to verify but did not have time. Here is his information. Property is inside metro district and fronts a public sewer.

- Was a visual inspection of the septic tank and/or drain fields conducted?
- [x] Yes Explain observations: septic cover in
- [] No

Was a visual inspection of the sewage line conducted?

- Was a visual inspection of the sewage line conducted?
- [] Yes
 - Blockage leading to the tank
 - [] Yes Explain:
 - [x] No
 - Blockage leading to the field
 - [] Yes Explain:
 - [x] No

Existing system design

- Existing system design
- [] Drywell
- [] Trench
- [] Mound
- [x] Unknown
- [] Other:

Is discharge surfacing on the ground?

- Is discharge surfacing on the ground?
- [] Yes
- [x] No

Additional Comments: Spoke harsing out of tank

*For REPAIRS, are the owners proposing, or do they plan to add in the future, any additions or modifications to the property, i.e. pools, living space additions, garages, etc? This information must be disclosed at the time of this application. The Health Department will not be able to accommodate requests in the field for property modifications unrelated to the repair request. Such requests may require an additional fee, testing, and submittal of a Percolation Certification Plan, if the property does not meet current Code and Regulation.

Form fields for contractor and property information:

Owner's Name: Jimmy Chen Owner's Phone: 301-346-5875
Name of previous owners: FEDERAL NAT MGR Existing bedrooms: 3
Pittius Dorothy Proposed bedrooms: 3
Has this request been previously discussed with a Sanitarian? (Name): Kerr
Public Sewer available/nearby: unknown

*A Sanitarian will be in contact within three business days, depending upon the urgency of the situation, to coordinate the scheduling/review of the repair or upgrade.

Prior to scheduling inspections, scaled plans should be submitted to clarify the nature of the addition.

Print out a copy of Real Property Data via Dept. of Taxation website Indexed file found

If public sewer may be nearby, verify whether sewer is technically "available" through the Bureau of Engineering.

If sewer is available and the property is within the Metropolitan District, connection to sewer is required: If the owner believes reason for exemption exists, the owner should justify the request in writing.

If soil/site conditions are limited and sewer and/or Metro District status is not conducive to connection, the Sanitarian may recommend pursuit of Emergency Sewer Extension or Emergency Metro District Inclusion. The Owner should contact the Bureau of Utilities for details.

No permit is to be issued nor inspection to be scheduled without prior fee collection at the office unless an emergency situation exists. The contractor is to notify office of the emergency situation as soon as possible.
