RE: Waiver Approval
6730 Mink Hollow Road
Highland, MD 20777

Ms. Barrett,

This letter is being issued as a follow-up to the December 2, 2022 approval of your waiver request for the smaller addition with a twelve (12) by twenty (20) feet footprint. Your request to waive the requirement of the Howard County Code for a percolation certification plan has now been **approved** for the proposed fourteen (14) by twenty (20) foot living space addition that does not increase the number of bedrooms. The property improvement has little to no impact on the area available for future on-site sewage disposal system repairs because it is located within one hundred feet of the existing well. Any deviations from the proposed work illustrated on the site plan submitted with the building permit application B22003185 will be subject to further review by this department. Future property improvements that require a building permit will require percolation testing and a percolation certification plan.

Any questions regarding this decision may be directed to the Well and Septic Program of the Howard County Health Department.

Respectfully,

A handwritten signature in cursive script that reads 'Michael J. Davis'.

RE: Request for the Waiver to the Percolation Certification Plan

Nov 15, 2022

To Mike Davis, Director of Environmental Health

Property Address: 6730 Mink Hollow Round, Highland, MD

Request for waiver the Percolation Certification Plan

Reasons:

1. Increase size from 20' x 12' to 20' x 14'
2. Well is within 100 ft of the proposed addition
3. Not adding bedrooms or bathrooms
4. Well and Septic are in functioning condition

If you need additional information, please feel free to contact me.

Sincerely,

A Brian Pugh - Owner, Pugh Construction, LLC

Natalie B. Barrett - Homeowner
