RE: **Building Permit B22003377**
13783 Frederick Road
Tax Map 15; Parcel 178

Mrs. Trombetta,

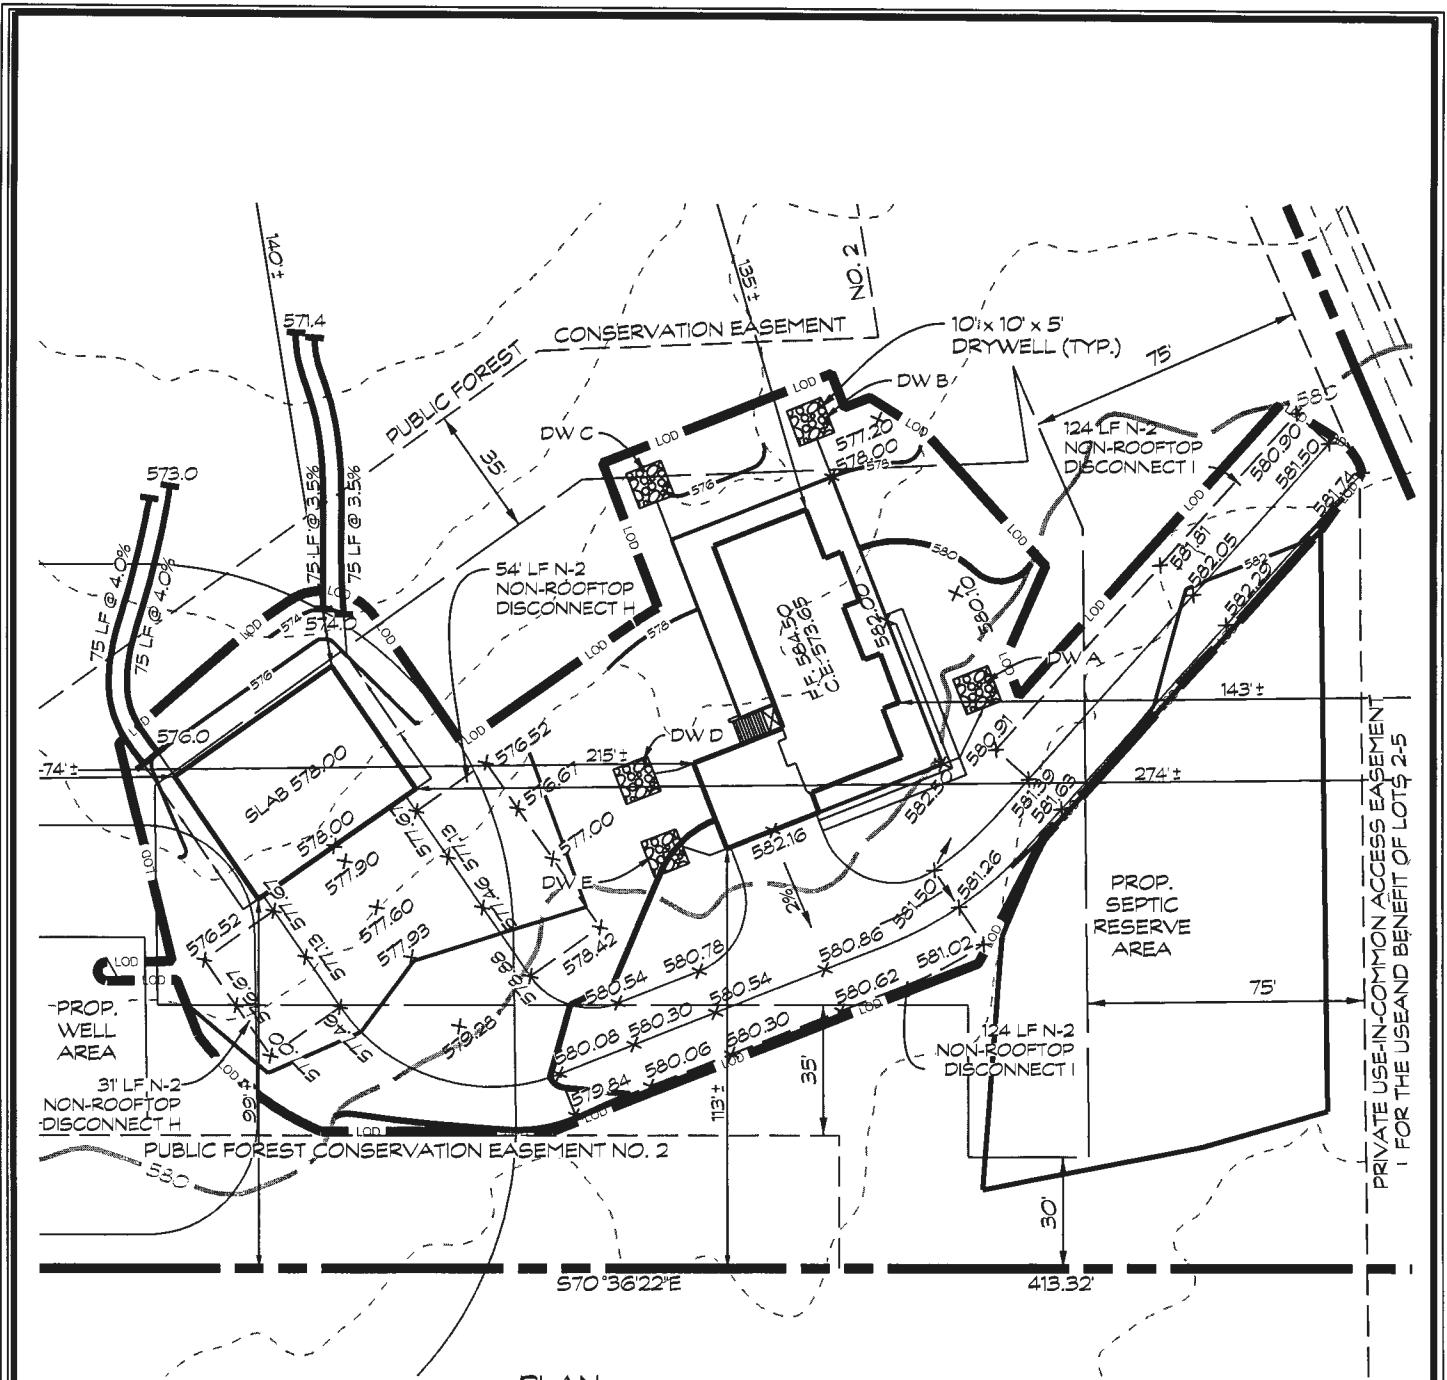

The proposed building plan you submitted for 13783 Frederick Road needs revisions and supporting documents to process your building permit. The following items must be addressed.

- You must submit an OSDS plan to support your building permit. I have attached the septic specs to help with the design. (See attached)
- Label your plan Building Plan and show the well and the two proposed well locations.

The next step in this process is to resubmit a Building Plan and OSDS plan to support your building permit. Once your plans are approved, we will approve your building application. If you have any questions, please contact me at the above address or by telephone at (410) 313-2775.

Respectfully,

Dana Bernard, REHS/RS
Environmental Specialist II
