RE: Water Appropriation and Use Permit - HO1978G005(03)

Dear American Towers Inc:

Our records indicate that you are the current owner or resident agent for the owner of the property associated with the above-referenced permit in Howard County, Tax Map 0008, Parcel 0317. Maryland laws governing water appropriation and use were changed in 2007 to exempt groundwater users using less than 5,000 gallons of water per day (gpd), based on an annual average, from obtaining a permit provided they submit a Notice of Exemption. The permit was previously issued to Intermedia Communications Incorporated for Sanitation And A Potable Supply For A Communications Tower Maintenance Facility. Based on a review of the permitted allocation and use authorized by permit HO1978G005(03) your water use may qualify for an exemption.

You must complete the exemption request **within 14 days from mailing** to fulfill the requirements of Water Appropriation and Use laws. Once issued, the exemption remains in effect as long as your total water use does not increase above an annual average of 5,000 gpd. A Notice of Exemption form is attached for your convenience. *If you are no longer using water associated with this permit, please notify this office in writing.*

If you have any questions or require assistance in completing the exemption request form please contact Toni Branch at (410) 395-4953 or by email at [toncia.branch@maryland.gov](mailto:toncia.branch@maryland.gov).

Sincerely,

A handwritten signature in black ink, appearing to read "Robert Peoples".
