Good Morning Ms. Page,

Thank you for your call this morning explaining things. I talked with Justin and we are okay with the changes on the attached plot from your email.

If anything else is needed please feel free to reach out and let us know.

Thanks and have a great day!

Caitlin,

During the site visit, conditions differed from the plan but all measurements meets setbacks. Are you ok with these changes (see attached plan).

Hi Ms. Page,

That's not necessary, I just would like to let them know someone is coming out to look at things.

Thanks and have a great day!

Good Morning Ms. Page,

Please see attached plat with all markings. Please let me know when you are planning to head out for a site visit so I can give the homeowner a heads up. If you have any questions please feel free to reach out.

Thanks and have a great day!

Good Morning Caitlin,
Pardon the delay in response. I understand the homeowner is eagerly awaiting. I will do my best to expedite the process and ensure full compliance with County's regulations.

Upon closer inspection, the provided plat is missing distances to the properties well and septic features. Can you provide a new plan with measurements from the field to the closest well and septic features? If all setbacks are met, I'll visit the site to confirm that the stakeout aligns with your plan.

Thanks,

Good Afternoon Mrs. Page,

Can you please provide an update on the permit status of this project? The homeowner is eagerly awaiting when we can get started. Any information you can provide is appreciated. Thanks!

Hi Ms. Page,

The homeowner does not currently have geothermal heating/cooling. I understand that this is not a direct replacement of an existing system, however anyone without A/C in this current heat we consider a high priority.

I have looped in Justin Coleman who is working with Mr. Trovillion to provide answers to your other requests. Thanks and have a great day!

Good Morning Caitlin,
A few questions prior to expediting your permit.
Is the homeowner currently on geothermal heating/cooling? If they are, this would be considered an emergency.
Are the proposed loops staked yet?
Could you send a scanned copy of the plat via email, the one you submitted is slightly difficult to read.

Thanks,

Good Morning,

I've just submitted the permit #M24000837 through Howard County. Attached is the plat for the proposed loop field. This is a horizontal loop field. Any assistance you can provide in streamlining this application would be greatly appreciated. The current homeowner does not have any A/C. Please let me know if you have any questions. Thanks and have a great day!
