Hi Mr. White,

The building permit has been approved.

Regards,

Hank

Hi Mr. White,

The county performed an upgrade to the system over the weekend, but it hasn't been completed yet. Therefore, I am not able to change the status at this time. I will keep checking back, and approve the BP as soon as I am able to.

Thanks,

Hank

Good morning Mr. Oswald -

I just looked online through the site and our permit is still showing as "in review" - will that be updated later today, and will I be able to download/print a copy of the permit to have onsite?

Thank you - Jan White

Hi Mr. White.

Thanks for the additional information. I will approve the building permit based on this email correspondence. Next year, please include a site plan that shows the tents, wells and septic tank locations. I believe the septic trenches are located closer to the road, so we won't need that detail shown on the plan.

Let me know if you have any questions.

Regards,

Hank

Good morning -

I just spoke to Dave Johnson, the Fairgrounds Manager at the Howard County Fairgrounds, and he assures me we are not placing any of our tents anywhere near a septic tank/septic system.

If there is any additional information you need, please do not hesitate to contact me.

Thank you!

Hi Janice,

Good afternoon. I am following up on our telephone conversation from yesterday. I printed off all layouts I saw under this building permit for the Fairgrounds, MD Sheep & Wool Festival 2024 (see attached). I need to know if there are any wells or septic tanks within the vicinity of the tents. Please take a look at each layout, and show any well or septic tank within the vicinity of the tent(s) or state no wells or septic tanks are within the vicinity of the tents.

I've attached an image from GIS that shows all wells on the property. There appears to be 6 wells altogether. The septic record shows several septic tanks on the property, but the record is too large to send. You may need to consult with the fairgrounds on where the tanks are located in proximity to the tents.

I also attached the site plan from last year's MD Sheep & Wool Festival 2023 (See attachment-B23001099_Site Plan). Is the tent layout for 2024, the same as 2023?

Should you have any questions, please don't hesitate to ask.

Regards,

Hank
