RE: Waiver Approval
3655 Paupers Folly Lane
West Friendship, MD 21794

Mr. & Mrs. Weszka,

This letter is being issued in response to your waiver request dated September 8, 2021. Your request for a waiver of the Howard County Code twenty (20) setback for an irregular shaped pool to the existing on-site sewage disposal system area has been **approved**. The approximately five hundred (500) square foot pool has been approved ten (10) feet from the existing on-site sewage disposal area.

Be advised that a condition of this waiver requires temporary fencing to be installed five (5) feet from the existing tank, existing trenches and the sewage disposal area to prevent any vehicle or construction equipment traffic in that area during the construction of the pool. The temporary fencing must be installed prior to building permit approval.

Any deviations from the proposed work illustrated on the site plan submitted with the waiver request will be subject to further review by this department.

Any questions regarding this decision may be directed to the Well and Septic Program of the Howard County Health Department.

Respectfully,

A handwritten signature in black ink that reads 'Michael J. Davis'.

Michael J. Davis
Assistant Director
Bureau of Environmental Health
