Greenbelt, Maryland 20770

SEPTIC TANK CAPACITY: 1250 GALLONS

NUMBER OF BEDROOMS: 4

- House is served by a shared community septic system. As part of the general permit for the community system, items previously installed or under construction include individual septic tank, connection from tank to common effluent line, community system headworks, and shared disposal fields.
- This portion of the septic installation permit is strictly limited to authorization of the individual pump in the pump pit with associated piping and electrical controls, and installation of the individual house sewer line. Location as per the signed building permit site plan, copy attached.
- Contact Health Department for inspection before covering the installation.
- For the pump test 48 hour advance notice of inspection is required. Where adequate notice has been provided, installation may proceed to completion one-half hour after the scheduled inspection time.

Comments: Sewer Pump Test results  
Lot 19 Winchester Homes  
7118 Moorland Drive

On Friday March 5, the above property completed the sewer pump test. The pump pass for U&O. The property will not be placed in service until the painters & clean-up are complete and the septic tank has been pumped and cleaned. The builder is to contact our office when ready for reinspection of the septic tank.
