RE: Wilbur Burroughs property

Lot 21, Sec. 1, Allnutt Farm Est.

TO WHOM IT MAY CONCERN:

This is to advise that the septic system and water well for the above referenced lot were inspected and approved.

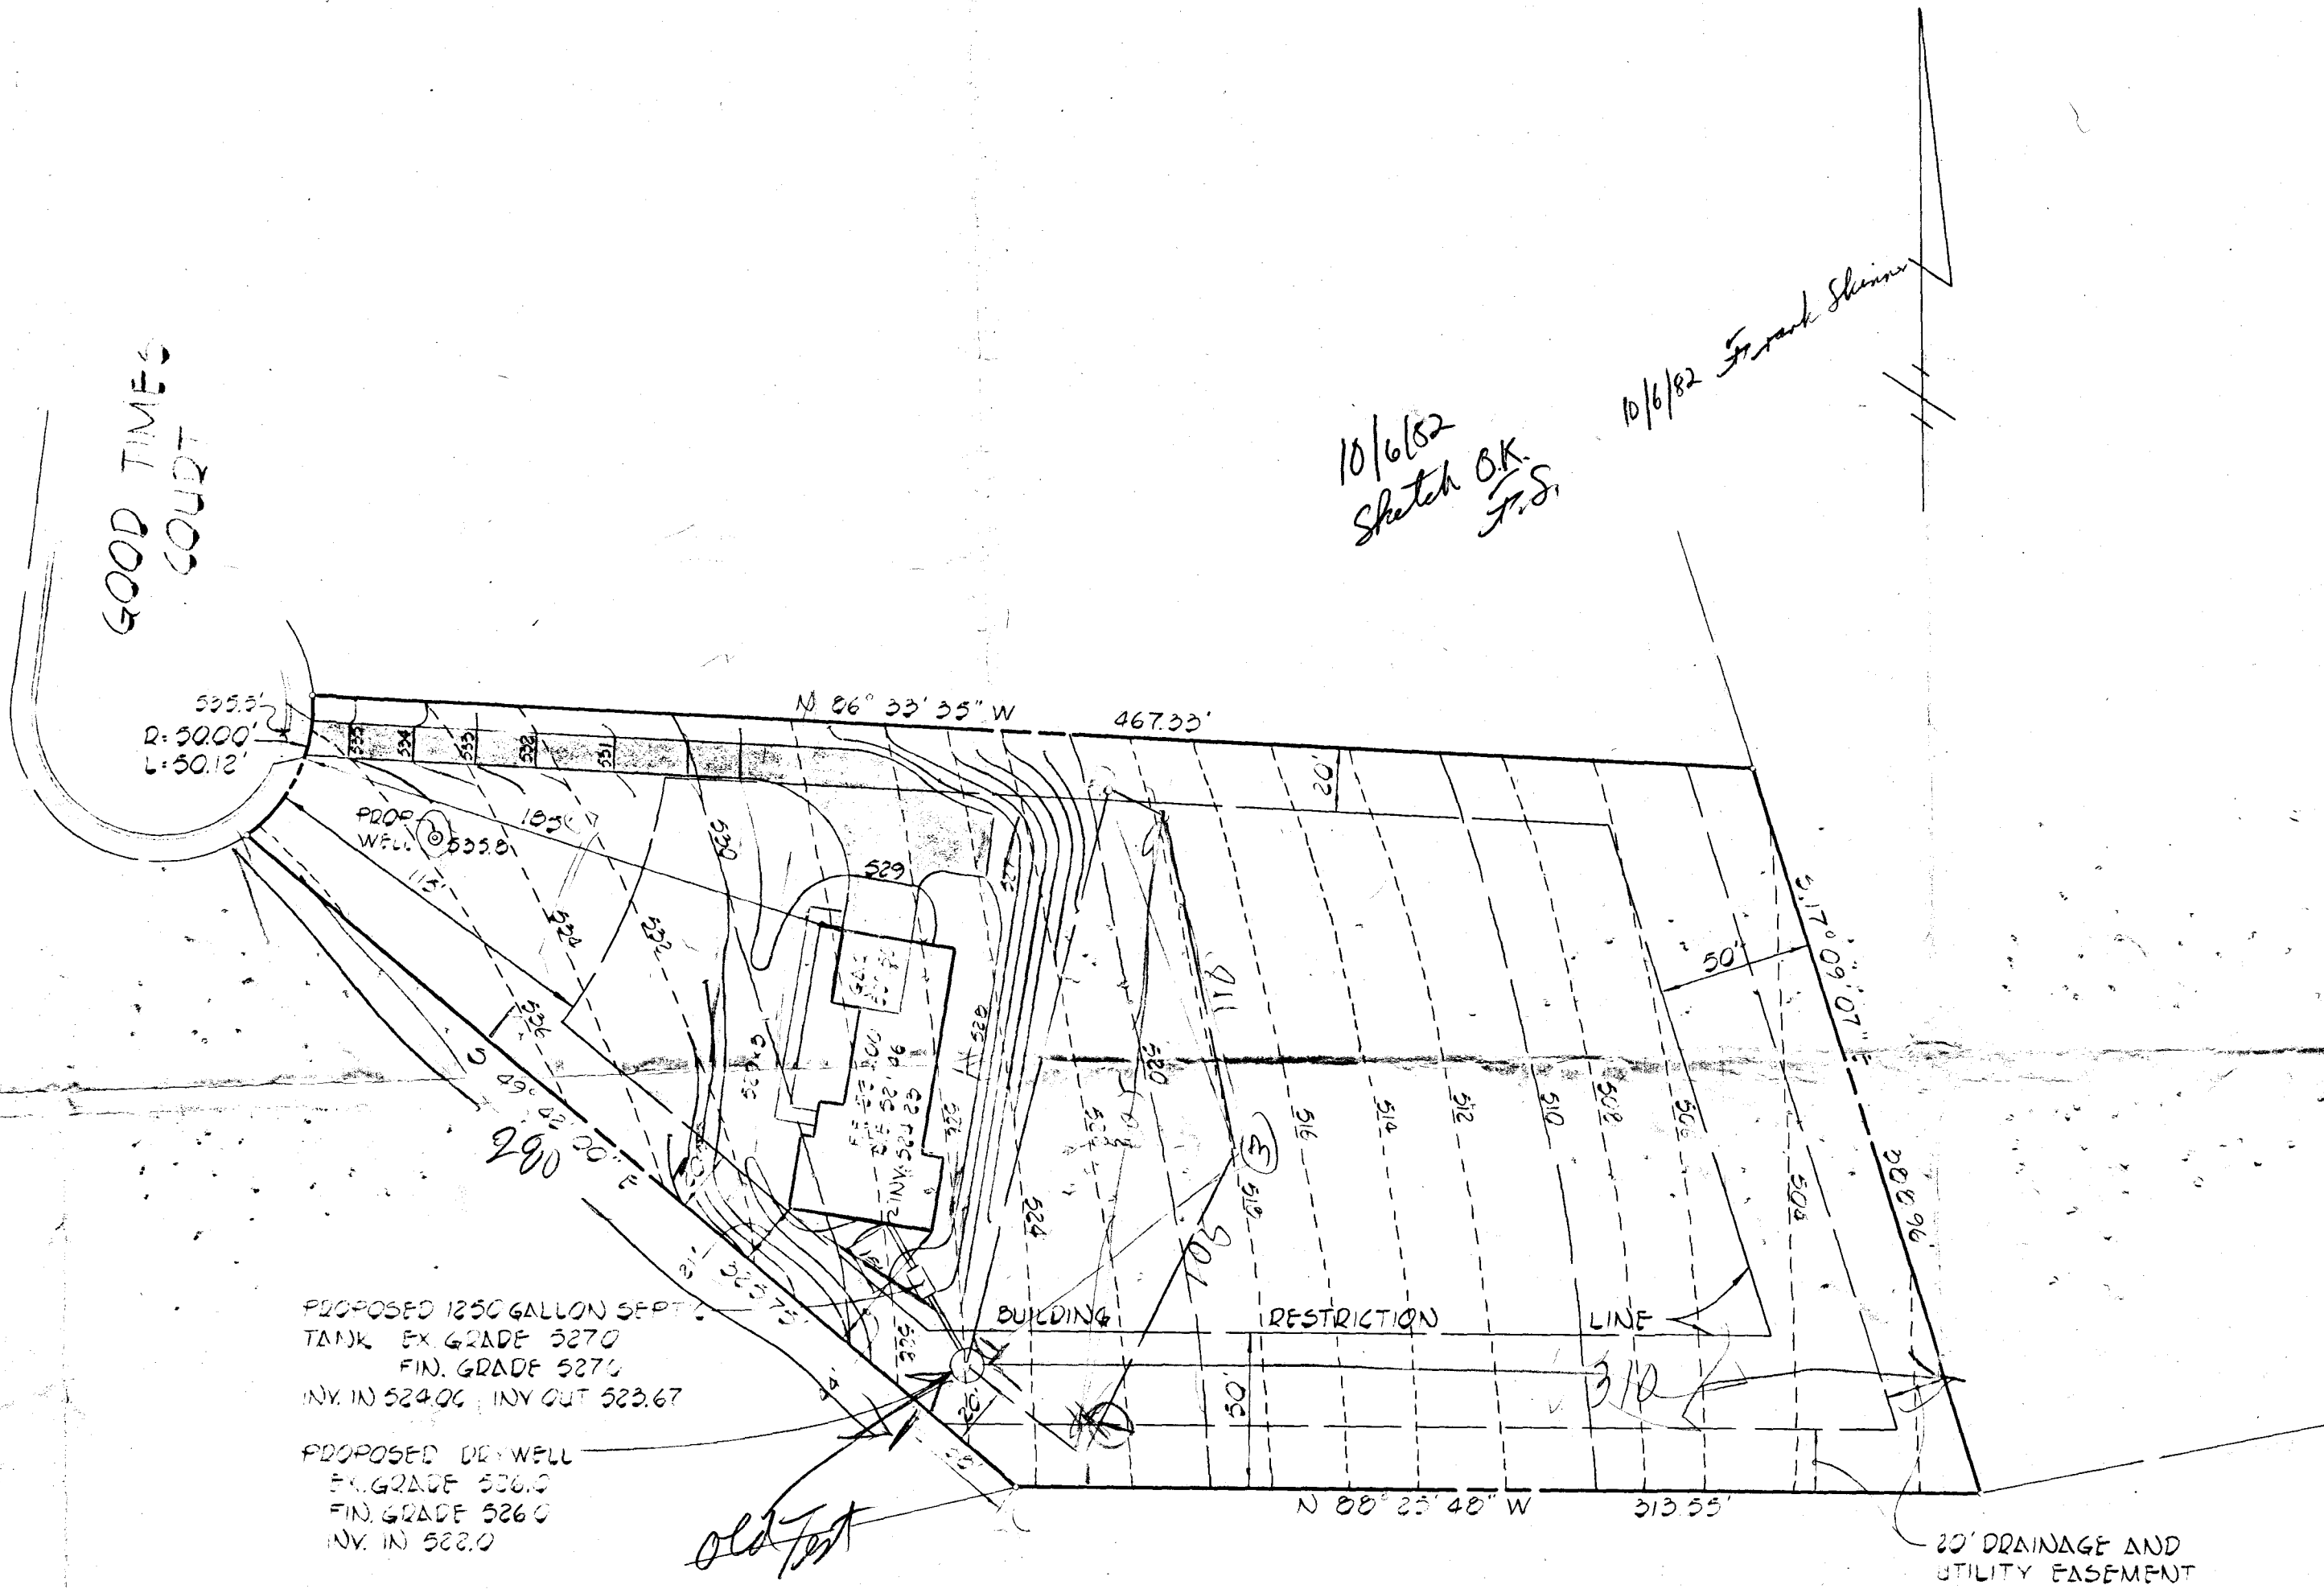

A second percolation test was performed on September 14, 1984 and additional area for sewage disposal was established downslope of the existing recorded private sewage easement. This area though not a recorded easement is suitable for future repair or renovation to the existing septic system.

If you have any questions regarding this matter please call me at 992-2330.

Very truly yours,

Frank A. Skinner, Director
