RE: Tax Map 40, Block 9, Parcel 300

Dear Siglin:

Thank you for completing a pre-application for the Bay Restoration Fund (BRF) Onsite Sewage Disposal System (OSDS) Program. The pre-application submitted is for your property located at 13720 Clarksville Pike, Highland, and shown on Tax Map 40, Parcel 300. A review of the pre-application indicates a high priority for funding. This letter is to notify you of preliminary approval for funding from the BRF for the installation of best available technology (BAT) for removing nitrogen as part of your on-site sewage disposal system.

This notification letter is intended to assist you through the process of obtaining proper BAT installation bids and invoicing procedures to obtain funding from the BRF. The following sections outline the requirements necessary for proceeding with the project.

### Submission of Bids

Three bids must be submitted to MDE for review. If you are unable to obtain three bids you must submit to MDE a written record of your attempts to obtain a minimum of three bids. Bids must include the following:

- Notice that the installation will not be considered complete until the manufacturer or manufacturers designee provides notice that the job has been satisfactorily completed. A manufacturer certified contractor might also serve as the manufacturer designee. The installer, whether they are a manufacturer representative or one chosen by the property owner, must submit an installation quote with each bid or the bid will be considered incomplete.
- An agreement for a minimum of five years operation and maintenance by a manufacturer approved service provider.
- Manufacturers must have an approved sampling protocol on file at MDE.
- Bids must be itemized. The bid is to include the cost of the unit and the installation cost of the unit. Only the components and labor directly related to upgrading an onsite sewage disposal system to the best available technology for removing nitrogen are eligible for funding.
- Manufacturers should respond to your request for bids within 14 days. After 14 days from your request for bids, you may submit to MDE the bids received and a list consisting of the manufacturers and manufacturers contact that did not respond to your request for a bid.

Mr. Douglas Siglin

Conditions of Financial Assistance

By reading and signing this form, you agree to the limitations and conditions set forth in this document. This form must be returned with your submission of bids. Your bid submission will be considered incomplete if this form does not accompany it.

Award of Grant

- MDE will review the bids. The grant award will be obligated based on the lowest acceptable bid, however the applicant may select a higher acceptable bid.
- The applicant will be notified by MDE as to the amount of the grant obligation.
- For awards greater than \$25,000 MDE must present a proposal to the Board Public Works for approval.

Mr. Douglas Siglin  
Page Three

- No change orders will be accepted by MDE.
- The award amount is available for reimbursement within 6 months of Department signature on the Agreement and Easement document. Upon request of the applicant, the original 6-month period may be extended at the discretion of the Department.

#### Agreement and Easement

An Agreement and Easement must be completed, signed by all parties and recorded in the Land Records of Howard County Maryland. A draft copy of the Agreement and Easement is provided to you in this letter for your review. A completed Agreement will be provided to you after bids are submitted to MDE when you are notified of the grant approval amount. The purpose of this Agreement is to accomplish the following:

- To establish your voluntary participation in this program.
- To ensure that a minimum of five years operation and maintenance is performed by an approved provider (included in the upfront cost of the system).
- Allows access for State, County and the Manufacturer designee's to inspect and collect samples from the system.
- Establishes the amount of the grant award.

#### Local Permitting Requirements

- All required local permits must be obtained.
- Permit fees are not eligible for BRF funding.
- Contact Howard County Health Department for more information.

#### Submission of Invoice

- Upon completion of the job, owner submits an invoice to MDE.
- The invoice must include the following;
  - Notice that the job was completed to the satisfaction of the owner.
  - Notice that the job was completed to the satisfaction of the manufacturer or manufacturer's designee.
  - Contractor's invoice.
  - An "as-built" sketch of the installation site done by the Howard County Health Department.

#### Issuance of Funds From the BRF

After review of the submitted invoice and associated documents, the Office of the Comptroller of the State of Maryland will issue a check to the property owner.

Mr. Douglas Siglin  
Page Four

Once again the Department thanks you for participating in this important program. If you have any questions, please feel free to contact me at 410-537-3678 or 800633-6101 ext 3678 or email at [jboris@mde.state.md.us](mailto:jboris@mde.state.md.us).

Sincerely,

John A. Boris, Jr., R.S.  
Bay Restoration Fund Project Manager
