RE: Building Permit 71026
Proposed Deck
11432 Marriottsville Road

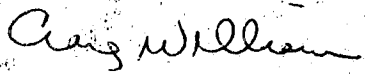

Dear Mr. & Mrs. Jacobson:

This is to advise you that this department cannot recommend approval of the above referenced building permit for a deck in the location you propose. The proposed location would place the deck directly over the septic tank and interfere with proper repair and maintenance of the tank.

The problem can be rectified by building the deck in a different location or by abandoning the septic tank and installing a new one in a different location.

If you have any questions regarding this matter, please contact me at 461-9933 or if you feel that this decision is improper, you may file a written request for a departmental review of the decision.

Very truly yours,

Craig Williams, Director
